

a)1\*3\*9\*27\*81\*

b)11---12---13---14---15  
16---17---18---19---20

c)4-6  
5-5

d)20

e)5  
4  
3  
2  
1  
0  
-1

it will loop infinitely and keep printing i since the printf statement uses %d not %u

f)Sum of 1 to 5 is 15
